Kodol Dyspepsia Cure is the result of years of scientific research for something that would digest not only some elements of food but every kind. And it is the one remedy that will do it. H. F. ANNOUNCEMENTS.

For Representative--91st District.

CECIL—We are authorized to announce JAMES B. CECIL, of Morgan county, as a candidate for Representative to the Legislature for Morgan and Wolfe counties, subject to the action of the Democratic party.

MORRIS—We are authorized to announce J. P. MORRIS, of Morgan county, as a candidate for Representative to the Legislature from Morgan and Wolfe counties, subject to action of the Democratic party.

THE editor of this paper has always doubted the complicity of Gov. Taylor in the murder of Gov. Goebel for the reason that a man holding the exalted position of governor of such a state as Kentucky could not be so depraved as to commingle in crime of any kind. We thought the democratic press of the state were allowing their enthusiasm to run away with their reason and took the assertion that Taylor was mixed up in the murder with a grain of salt. But since such men as ex-Gov. Bradley and Judge Yost have testified that Capt. Ripley now on trial for complicity in the murder of the martyred governor, told them Taylor had said "Goebel will not be alive 24 hours longer," and other similar damaging and damnable remarks that he made, we are of opinion that Mr. Taylor hatched the plot to kill Gov. Goebel—that he was the instigator and the incubator, and he, more than any man mixed up in the affair, should be made to suffer the extreme penalty of the law. If the present governor of Indiana, after the evidence of men so eminent as ex-Gov. Bradley and Judge Yost, still persists in protecting Taylor, then he is guilty himself. At any cost Mr. Taylor should be brought to Kentucky tried for the dastardly, cowardly crime that we now believe he conceived and had his henchmen and hirelings carry to its culmination. Great God, how can any man or being in the image of man be so corrupt? Let no guilty man escape, and in carrying this out first put the screws to Taylor.

WILKESBARRE, (Pa.) boasts of an alderman who whips every wife beater that is brought before him, and then imposes a fine of $100 and three months in the workhouse. Aside from the "scrapping" he reminds us of the lamented Judge Jewel, when he was recorder of the city of Lexington. He had no mercy upon a wife beater, and invariably gave them the limit of the law. If all presiding judges were of the same sort the inhuman and disgraceful treatment of wives by brutal husbands would soon come to an end. "Rah for Pat Donohue, of Wilksbarre," say we.

CUBA continues to think that the United States is merely bluffing in regard to the Platt amendment and that, when it has had time for a sober, second thought, will keep its pledges to the island. Cuba, however, should realize that it is going to be a long time before Uncle Sam sobers off sufficiently to take that second thought.

"I had piles so bad I could get no rest nor find a cure until I tried DeWitt's Witch Hazel Salve. After using it once, I forgot I ever had anything like Piles." E. C. Boice, Somers Point, N. Y. Look out for imitations. Be sure you ask for DeWitt's. H. F. PIERATT.

AS WE expected, it has proved that all the Japanese-Russian war talk originated and ended in London, as so many other anti-Russian falsehoods have originated. Great Britain hates and fears Russia and can be depended on to lend credit to any tale involving that country in difficulties with other peoples. But the United States should not do so.

THE wreck of the Merrimac has been destroyed by dynamite. Counting everything, this vessel cost the United States nearly a million dollars; this, however, was less than it would have cost us had Sampson's plan for blocking the Spanish fleet inside the harbor by means of it, been successful.

MAINE has decided that she is getting tired of having all the corporations and trusts organized in New Jersey—and leaving their fees there—and has passed the most liberal laws in existence to entice them within its borders. Thus the trail of the octopus is over all.

THE administration has "persuaded" Governor Allen of Porto Rico not to resign. It has also "persuaded" a number of dead ducks who longed to get back to their neglected law practice to accept jobs on the St. Louis exposition commission.

THE government has located the $700,000 and odd that was Captain Carter's share of the Savannah harbor loot, but is said to be considering a proposition from the noble captain to release him on condition that he will not oppose its confiscation.

NOW Mr. Morgan has organized a dry goods trust, with a capital of twenty millions. The universal trust is rapidly approaching, and, when it arrives, we, the people, will probably simply confiscate it and run it as a national co-operative concern.

CONGRESSMAN HULL has started for Manila. The question is whether he has gone, as he says, to study the general situation, or to help on the work of the timber grabbing corporation of which he is president.

THE United States has claimed $25,000,000 indemnity from China but professes its willingness to scale down its claims to whatever sum China can afford to pay. The United States is as reasonable as the average missionary.

PRACTICALLY all the Chicago ministers preached and prayed publicly against Carter Harrison just before the mayoralty election. Result: Harrison had a walk over. Evidently, the ministers have no pull.

MAYOR JOHNSON, of Cleveland, is shaking things up in his town, as he threatened to do. He proposes—and enforce—a reassessment of property which will compel the big corporations to pay their share. Good for Tom.

OF course, Attorney General Knox is a creature of the octopus, but then, after all, it would be hard to find a republican lawyer who wasn't—or who wouldn't be, if he got a chance.

DON'T take too much stock in those stories of dictatorship in Venezuela. Of course, they may be true, but then, they may also merely have been given out by the agents of the asphalt trust.

Spring coughs are specially dangerous and unless cured at once, serious results often follow. One Minute Cough Cure acts like magic. It is not a common mixture but is a high grade remedy.

Rev. E. K. Pike, of the M. E. church, South, will preach at Goodwin's Chapel on Sunday at 11 o'clock a. m., and at Long Branch on Sunday night at usual hour.

Tom Salyer, of White Oak, came here on Monday to have Dr. Waldeck pull a tooth for him. The doctor has been his physician for years, and he has more confidence in him than anybody else.

W. W. McGuire passed through here Tuesday en route to his home at West Liberty, and told us that the temporary bridge across Kentucky river had been completed. This will enable the construction company to proceed with their work very rapidly and there is some hope that the road may be in operation by June 1, 1901.

Miss Molly Haney and her two little nieces, Stella and Molly Haney, left on Monday morning. The former goes to Lexington to visit her brother, Will Haney, who is an employe of the Cincinnati Southern Railway, and to seek employment as a saleslady. The children go to their father, who lives near Winchester.

Will Roland, colored, an employe of Mason & Hoge, and working at the Caney tunnel, on Tuesday night stole the wife of Jim Lewis, also colored, who had $75 of her husband's money and decamped with her. They arrived at Hazel Green at 1 o'clock Wednesday morning, and hired a conveyance from H. F. Pieratt to take them to Torrent. At 6 o'clock Mr. Pieratt received a telephone message from Neola to arrest the parties and hold them until Lewis arrived. Mr. Pieratt at once started in pursuit and overhauled the two at Stillwater, where he held them until Lewis arrived, who said he only wanted his wife and his money, and told Roland to light out. She had spent about $8.00 of the money in buying shoes for her gay Lothario and self, vehicle hire, &c., and just after they were arrested she handed her sweetheart $2, but this was subsequently recovered. Lewis seemed elated that he had thwarted Roland in his effor to steal away the joy of his life, and took her back with open arms, although she wanted to pursue the even tenor of her way with Roland. Roland is from Tennessee and Lewis and wife from West Virginia.

The Hazel Green Academy Athletic Association is one of the new enterprises of our town, and the individual members are as fine specimens of physical manhood as can be found in Kentucky. This nine is practicing every day now that the weather will permit, and ere long we hope to see them matched against some other of the mountain teams, as we are confident of victory for our nine.

Mr. Alexander, the Daysboro general merchant, was in town Monday and bought a large bill of spring goods from Uncle Ike Hartfeldt, who represents Guggenheimer & Co., Lynchburg, Va. See Mr. Hartfeldt's ad. in this paper, and if a merchant you will do well to examine his line of goods and learn his prices before buying. For the several years he has traveled in this section he has rendered entire satisfaction to all who have been so fortunate as to buy of him. He will be here again about the first of next week and be glad to display his stock to any one who contemplates buying.

"Last winter I was confined to my bed with a very bad cold on the lungs. Nothing gave me relief. Finally my wife bought a bottle of One Minute Cough Cure that effected a speedy cure. I cannot speak too highly of that excellent remedy."—Mr. T. K. Houseman, Manatawney, Pa.

H. F. PIERATT.

Tom Greenwade, of Spencer, well-known to many of our citizens, was at the last term of the Montgomery circuit court sentenced to the penitentiary for one year for the seduction of Miss Eva Jackson, at one time a student of Hazel Green academy.

Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

SCOTT & BOWNE, Chemists

50c. and $1.00; all druggists.

Rollin A. Kash, whose illness has been reported in this paper from time to time, died at 8:15 o'clock Wednesday. While his death was not unexpected it was nevertheless a severe shock to his widowed mother and wife, his three children being too young to realize their great loss. His demise coming just as we were preparing to go to press. We can not at this time give a sketch of his life. But to the afflicted ones we send our condolence and sympathy in their sorrow, and point them to the Great Healer for comfort such as mortal man can not grant. His funeral will be preached at the Christian church by Prof. Wm. H. Cord at 10 o'clock Friday morning, and the remains will be interred in the Kash graveyard on the summit of the hill.

Nelse Nickell is one of our citizens who allows no man to "out clever" him. So, hearing of Billy Swango's present to the editor and his better ½, he "saw Mr. Swango and went him six better." Indeed the specimens he sent were the finest we have ever seen, and not only THE HERALD household but Mr. Hartfeldt, the representative of Guggenheimer & Co., Lynchburg, Va., enjoyed a dish of them, which our better ½ prepared and sent him at the hotel, and he's an epicure.

Dr. Collier and wife of West Liberty, arrived here Monday and are at John M. Bose's, where Dr. Collier will be glad to see all who need dental work of any kind. Making teeth is a specialty with him, and if you need anything of the kind, you should see him at once as his time is limited. He has done a great deal of dental work for people of this place and vicinity, and in each and every case rendered satisfaction, which is the best recommendation he could have.

Duncan Monroe, with 13 colored men from Lexington stayed over night at the Day House last Thursday night, and left for the big tunnel on Friday morning. These hands have been engaged to work for Mason & Hoge. The gang that passed through here Thursday had been working for the same company in Indiana, and are old hands at the business.

The attention of the traveling public is respectfully directed to the Day House card in our paper, and commercial tourists who desire the best the country affords should make it a point to stop over Sunday at this hostelry and enjoy its hospitality.

Physicians who have difficult prescriptions to compound, or who need drugs which our stores do not have, should send to J. I. Childs, Lexington, Ky. He is a professional and registered pharmacist, and all prescriptions will be carefully compounded.

You cannot enjoy perfect health, rosy cheeks and sparkling eyes if your liver is sluggish and your bowels clogged. Dewitt's Little Early Risers cleanse the whole system. They never gripe. H. F. PIERATT

Thos. Nickell, of Omaha, Neb., has our thanks for a copy of the Omaha Sunday Herald, in which there is a long account of the adventures of his son and a companion on board the Oregon for three years. We hope to be able to reproduce it next week.

Dr. Waldeck's family arrived here on Wednesday of last week, and now occupy the Ova Swango property on the hill, where Dr. Waldeck has his office.

GENERAL CASSIUS M. CLAY, alone and unterrified, upholds the peculiar reputation that Kentucky has won by so much strife and bloodshed.

THERE is said to be insanity in 24 royal families in Europe. Evidently, royalty isn't what it is cracked up to be.

I was never a candidate for any office within the gift of the people before, though I have always worked for the Democratic party and its nominees, and where funds were needed I have used my individual means instead of calling upon the candidate for his cash. I am ambitious to represent Morgan and Wolfe in the lower house of the next

General : Assembly : of : Kentucky,

and if nominated and elected I shall go to Frankfort with the determination of making a record, and a record of which neither I nor my constituents shall ever be ashamed. Briefly, I shall do all I can for the mountains generally, and for Wolfe and Morgan in particular. I was born in Morgan county—in the portion that is now Wolfe—and have always lived in one or the other of the two counties. Hence I know their needs. And here I want to say that should I be the lucky man, my constituents may come to me as freely at the capital of the commonwealth as at my mountain home, where the latch-string is always on the outside. Some men, shame to say it, when once they rub up against a blue-grass man forget that they were "born in the hills, rocked in a sugar trough and raised on sassafras tea." But not I; God forbid that I shall ever forget my nativity or go back on my mountain friends. Hoping you will give me your suffrage in both primary and election, I am, yours for Democratic success,

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Educattoa For the Kentucky Mountains.

There has recently been issued a leaflet setting forth the educational needs of the Kentucky mountains and making an appeal for financial aid for a non-sectarian school, which the women of the Kentucky Women's Christian Temperance Union plan, to establish there. It is to be a Christain social settlement, and will combine a first-class school with kindergarten, normal and industrial departments. As a model home it will teach by example the advantages of cleanliness, order and thrift. Anyone who has been in these mountain cabin realizes that the work must begin in the homes and with the women.

The superintendent of schools in one county says the greatest need of the mountains is cultured, christian mothers, and then adds: "Fifty per cent of the children do not attend any school and ninety per cent of the attendance is in hands of irregular, immoral teachers, who have been reared by illitreate parents."

These mountain people, when once aroused, are pathetically eager for an education, nor is it hard to arouse them. They are of the best stock our country knows, and still have in them all the sturdy possibilities of the Anglo-Saxon race. They are willing to help themselves, too. Hindman, in Knott county, offers to contribute $100 to the school if it is established here. One woman said she would give $100 if she had to "sang it out," meaning that she would go to the woods and dig ginseng to earn the money.

Except through the churches, Kentucky has not done her part by her mountain people. The only large, efficient mountain institution making for their education is one supported by northern money and conducted by northern teachers. I, therefore, would make an earnest appeal to the Kentuckians who have had a chance to help the Kentuckians who have not had a chance. With what has been pledged, only $2,000 is needed to start this school by September 1 next. This is a small sum, which can be readily raised by a large number of small contributions.

Any contribution may be sent to Mrs. Lizzie K. Mayall, Treasurer of the Kentucky W. C. T. U., Paris, Ky.; Miss Katherine R. Pettit, Lexington, Ky., or Miss May Stone, 1400 Third avenue, Louisville, Ky.—ELLEN C. SEMPLE in Louisville Post.

Modern Pills.

The day of powerful drastic pills is past and everyone who is troubled with torpidity of the liver, constipation, headache or indigestion may well be thankful that it is. Every modern family medicine chest should contain a supply of Hood's Pills, the modern cathartic. While gentle and mild in action, they are thoroughly efficient and cure billousness, indigestion, sick headache and other troubles due to a deranged condition of the stomach, liver or bowels.

ARBITRATION is certainly progressing. Even Aguinaldo is anxious for it now.

A Raging, Roaring Flood

Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had Consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by 6 bottles." Positively guaranteed for Coughs, Colds and all Throat and Lung troubles by J. Taylor Day, Hazel Green, or S. S. Combs & Son, Campton. Price 50 cents.

CHANDLER, O. K. T.

Spencer Cooper—Dear Sir: You will find enclosed 30c for which please send me THE HERALD for six months. I feel somewhat lost without the dear old HERALD to read.

HOW TO KEEP THE BOY AT HOME.

Your boy will never wander far
Nor tempted be to roam,
If all the joys he finds abroad
Are given him at home.

If happy faces greet him there,
And voices sweet and kind;
What boy away from home
Will expect those words so kind?

Furnish him with music, books and games,
Don't grumble at the cost;
'Twill cost far more to bring him back
If once from you he is lost.

Praise and appreciate his work,
And share with him the gains;
The pride he'll take in doing well
Will pay you for your pains.

With plenty of good and cheerful words,
And love that seems so warm,
Some sport to make his work seem light;
No boy will leave the farm.

For pleasure he will admire,
They dazzel those who roam;
But when for happiness he looks,
He will turn to the dear old home.

SAM H. WILSON.

Shirt-Waists for Men.

Young Women

The entry into womanhood is a critical time for a girl. Little menstrual disorders started at that time soon grow into fatal complications. That female troubles are filling graveyards proves this. Wine of Cardui establishes a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Many women, young and old, owe their lives to Wine of Cardui. There is nothing like it to give women freedom from pain and to fit young women for every duty of life. $1.00 bottles at druggists.

Miss Della M. Strayer, Tully, Kan.: "I have suffered untold pain at menstrual periods for a long time, was nervous, had no appetite, and lost interest in everything, in fact was miserable. I have taken four bottles of Wine of Cardui, with Thedford's Black-Draught, when needed, and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me."

"Wild Bill," the Cincinnati detective who is engaged in hunting down the murderers of Mrs. Hall, in Letcher county, says: "We exppct to exterminate the Reynolds faction and arrest every Ku-kluxer, or die in the attempt."

John Waibel, of Newport, attempted suicide by taking cyanide of potassium recently, but was resuscitated, and on Sunday he placed himself in a position on the railroad so that the cars would cut off his head. Again he was rescued. His mind is unbalanced.

Elsmore Jones, of New York, who is said to be the "king of dudes," registered at the Phoenix hotel, Lexington, Sunday night, accompanied by 12 trunks, containing his wearing apparel. To the clerk he said that he was in the habit of changing suits every hour, and could stay in Lexington only two days, as he had only 24 suits with him.

Sheriff Wright and posse, in attempting to arrest the murderers of Jemima Hall, on Friday had a battle with the outlaws headed by Creed Potter and John Reynolds, on Boon's fork. Will Wright and Isaac Millard, of the posse, were killed, and four others, two on each side, were wounded. There is a reward of $500 for the murderers, dead or alive, and Wright says he will bring 'em in one way or other.

April 16. TEMPEST.

You will waste time if you try to cure indigestion or dyspepsia by starving yourself. That only makes it worse when you do eat heartily. You always need plenty of good food properly digested. Kodol Dyspepsia Cure is the result of years of scientific research for something that would digest not only some elements of food but every kind. And it is the one remedy that will do it. H. F. PIERATT.

ANNOUNCEMENTS.

For Representative--91st District.

CECIL—We are authorized to announce JAMES B. CECIL, of Morgan county, as a candidate for Representative to the Legislature for Morgan and Wolfe counties, subject to the action of the Democratic party.

MORRIS—We are authorized to announce J. P. MORRIS, of Morgan county, as a candidate for Representative to the Legislature from Morgan and Wolfe counties, subject to action of the Democratic party.

THE editor of this paper has always doubted the complicity of Gov. Taylor in the murder of Gov. Goebel for the reason that a man holding the exalted position of governor of such a state as Kentucky could not be so depraved as to commingle in crime of any kind. We thought the democratic press of the state were allowing their enthusiasm to run away with their reason and took the assertion that Taylor was mixed up in the murder with a grain of salt. But since such men as ex-Gov. Bradley and Judge Yost have testified that Capt. Ripley now on trial for complicity in the murder of the martyred governor, told them Taylor had said "Goebel will not be alive 24 hours longer," and other similar damaging and damnable remarks that he made, we are of opinion that Mr. Taylor hatched the plot to kill Gov. Goebel—that he was the instigator and the incubator, and he, more than any man mixed up in the affair, should be made to suffer the extreme penalty of the law. If the present governor of Indiana, after the evidence of men so eminent as ex-Gov. Bradley and Judge Yost, still persists in protecting Taylor, then he is guilty himself. At any cost Mr. Taylor should be brought to Kentucky tried for the dastardly, cowardly crime that we now believe he conceived and had his henchmen and hirelings carry to its culmination. Great God, how can any man or being in the image of man be so corrupt? Let no guilty man escape, and in carrying this out first put the screws to Taylor.

WILKESBARRE, (Pa.) boasts of an alderman who whips every wife beater that is brought before him, and then imposes a fine of $100 and three months in the workhouse. Aside from the "scrapping" he reminds us of the lamented Judge Jewel, when he was recorder of the city of Lexington. He had no mercy upon a wife beater, and invariably gave them the limit of the law. If all presiding judges were of the same sort the inhuman and disgraceful treatment of wives by brutal husbands would soon come to an end. "Rah for Pat Donohue, of Wilksbarre," say we.

CUBA continues to think that the United States is merely bluffing in regard to the Platt amendment and that, when it has had time for a sober, second thought, will keep its pledges to the island. Cuba, however, should realize that it is going to be a long time before Uncle Sam sobers off sufficiently to take that second thought.

"I had piles so bad I could get no rest nor find a cure until I tried DeWitt's Witch Hazel Salve. After using it once, I forgot I ever had anything like Piles." E. C. Boice, Somers Point, N. Y. Look out for imitations. Be sure you ask for DeWitt's. H. F. PIERATT.

AS WE expected, it has proved that all the Japanese-Russian war talk originated and ended in London, as so many other anti-Russian falsehoods have originated. Great Britain hates and fears Russia and can be depended on to lend credit to any tale involving that country in difficulties with other peoples. But the United States should not do so.

THE wreck of the Merrimac has been destroyed by dynamite. Counting everything, this vessel cost the United States nearly a million dollars; this, however, was less than it would have cost us had Sampson's plan for blocking the Spanish fleet inside the harbor by means of it, been successful.

MAINE has decided that she is getting tired of having all the corporations and trusts organized in New Jersey—and leaving their fees there—and has passed the most liberal laws in existence to entice them within its borders. Thus the trail of the octopus is over all.

THE administration has "persuaded" Governor Allen of Porto Rico not to resign. It has also "persuaded" a number of dead ducks who longed to get back to their neglected law practice to accept jobs on the St. Louis exposition commission.

THE government has located the $700,000 and odd that was Captain Carter's share of the Savannah harbor loot, but is said to be considering a proposition from the noble captain to release him on condition that he will not oppose its confiscation.

NOW Mr. Morgan has organized a dry goods trust, with a capital of twenty millions. The universal trust is rapidly approaching, and, when it arrives, we, the people, will probably simply confiscate it and run it as a national co-operative concern.

CONGRESSMAN HULL has started for Manila. The question is whether he has gone, as he says, to study the general situation, or to help on the work of the timber grabbing corporation of which he is president.

THE United States has claimed $25,000,000 indemnity from China but professes its willingness to scale down its claims to whatever sum China can afford to pay. The United States is as reasonable as the average missionary.

PRACTICALLY all the Chicago ministers preached and prayed publicly against Carter Harrison just before the mayoralty election. Result: Harrison had a walk over. Evidently, the ministers have no pull.

MAYOR JOHNSON, of Cleveland, is shaking things up in his town, as he threatened to do. He proposes—and enforce—a reassessment of property which will compel the big corporations to pay their share. Good for Tom.

OF course, Attorney General Knox is a creature of the octopus, but then, after all, it would be hard to find a republican lawyer who wasn't—or who wouldn't be, if he got a chance.

DON'T take too much stock in those stories of dictatorship in Venezuela. Of course, they may be true, but then, they may also merely have been given out by the agents of the asphalt trust.

Spring coughs are specially dangerous and unless cured at once, serious results often follow. One Minute Cough Cure acts like magic. It is not a common mixture but is a high grade remedy.

Rev. E. K. Pike, of the M. E. church, South, will preach at Goodwin's Chapel on Sunday at 11 o'clock a. m., and at Long Branch on Sunday night at usual hour.

Tom Salyer, of White Oak, came here on Monday to have Dr. Waldeck pull a tooth for him. The doctor has been his physician for years, and he has more confidence in him than anybody else.

W. W. McGuire passed through here Tuesday en route to his home at West Liberty, and told us that the temporary bridge across Kentucky river had been completed. This will enable the construction company to proceed with their work very rapidly and there is some hope that the road may be in operation by June 1, 1901.

Miss Molly Haney and her two little nieces, Stella and Molly Haney, left on Monday morning. The former goes to Lexington to visit her brother, Will Haney, who is an employe of the Cincinnati Southern Railway, and to seek employment as a saleslady. The children go to their father, who lives near Winchester.

Will Roland, colored, an employe of Mason & Hoge, and working at the Caney tunnel, on Tuesday night stole the wife of Jim Lewis, also colored, who had $75 of her husband's money and decamped with her. They arrived at Hazel Green at 1 o'clock Wednesday morning, and hired a conveyance from H. F. Pieratt to take them to Torrent. At 6 o'clock Mr. Pieratt received a telephone message from Neola to arrest the parties and hold them until Lewis arrived. Mr. Pieratt at once started in pursuit and overhauled the two at Stillwater, where he held them until Lewis arrived, who said he only wanted his wife and his money, and told Roland to light out. She had spent about $8.00 of the money in buying shoes for her gay Lothario and self, vehicle hire, &c., and just after they were arrested she handed her sweetheart $2, but this was subsequently recovered. Lewis seemed elated that he had thwarted Roland in his effor to steal away the joy of his life, and took her back with open arms, although she wanted to pursue the even tenor of her way with Roland. Roland is from Tennessee and Lewis and wife from West Virginia.

The Hazel Green Academy Athletic Association is one of the new enterprises of our town, and the individual members are as fine specimens of physical manhood as can be found in Kentucky. This nine is practicing every day now that the weather will permit, and ere long we hope to see them matched against some other of the mountain teams, as we are confident of victory for our nine.

Mr. Alexander, the Daysboro general merchant, was in town Monday and bought a large bill of spring goods from Uncle Ike Hartfeldt, who represents Guggenheimer & Co., Lynchburg, Va. See Mr. Hartfeldt's ad. in this paper, and if a merchant you will do well to examine his line of goods and learn his prices before buying. For the several years he has traveled in this section he has rendered entire satisfaction to all who have been so fortunate as to buy of him. He will be here again about the first of next week and be glad to display his stock to any one who contemplates buying.

"Last winter I was confined to my bed with a very bad cold on the lungs. Nothing gave me relief. Finally my wife bought a bottle of One Minute Cough Cure that effected a speedy cure. I cannot speak too highly of that excellent remedy."—Mr. T. K. Houseman, Manatawney, Pa.

H. F. PIERATT.

Tom Greenwade, of Spencer, well-known to many of our citizens, was at the last term of the Montgomery circuit court sentenced to the penitentiary for one year for the seduction of Miss Eva Jackson, at one time a student of Hazel Green academy.

Blood.

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

SCOTT & BOWNE, Chemists
409-415 Pearl Street, New York.
50c. and $1.00; all druggists.

Rollin A. Kash, whose illness has been reported in this paper from time to time, died at 8:15 o'clock Wednesday. While his death was not unexpected it was nevertheless a severe shock to his widowed mother and wife, his three children being too young to realize their great loss. His demise coming just as we were preparing to go to press. We can not at this time give a sketch of his life. But to the afflicted ones we send our condolence and sympathy in their sorrow, and point them to the Great Healer for comfort such as mortal man can not grant. His funeral will be preached at the Christian church by Prof. Wm. H. Cord at 10 o'clock Friday morning, and the remains will be interred in the Kash graveyard on the summit of the hill.

Nelse Nickell is one of our citizens who allows no man to "out clever" him. So, hearing of Billy Swango's present to the editor and his better ½, he "saw Mr. Swango and went him six better." Indeed the specimens he sent were the finest we have ever seen, and not only THE HERALD household but Mr. Hartfeldt, the representative of Guggenheimer & Co., Lynchburg, Va., enjoyed a dish of them, which our better ½ prepared and sent him at the hotel, and he's an epicure.

Dr. Collier and wife of West Liberty, arrived here Monday and are at John M. Bose's, where Dr. Collier will be glad to see all who need dental work of any kind. Making teeth is a specialty with him, and if you need anything of the kind, you should see him at once as his time is limited. He has done a great deal of dental work for people of this place and vicinity, and in each and every case rendered satisfaction, which is the best recommendation he could have.

Duncan Monroe, with 13 colored men from Lexington stayed over night at the Day House last Thursday night, and left for the big tunnel on Friday morning. These hands have been engaged to work for Mason & Hoge. The gang that passed through here Thursday had been working for the same company in Indiana, and are old hands at the business.

The attention of the traveling public is respectfully directed to the Day House card in our paper, and commercial tourists who desire the best the country affords should make it a point to stop over Sunday at this hostelry and enjoy its hospitality.

Physicians who have difficult prescriptions to compound, or who need drugs which our stores do not have, should send to J. I. Childs, Lexington, Ky. He is a professional and registered pharmacist, and all prescriptions will be carefully compounded.

Thos. Nickell, of Omaha, Neb., has our thanks for a copy of the Omaha Sunday Herald, in which there is a long account of the adventures of his son and a companion on board the Oregon for three years. We hope to be able to reproduce it next week.

Dr. Waldeck's family arrived here on Wednesday of last week, and now occupy the Ova Swango property on the hill, where Dr. Waldeck has his office.

GENERAL CASSIUS M. CLAY, alone and unterrified, upholds the peculiar reputation that Kentucky has won by so much strife and bloodshed.

THERE is said to be insanity in 24 royal families in Europe. Evidently, royalty isn't what it is cracked up to be.

I was never a candidate for any office within the gift of the people before, though I have always worked for the Democratic party and its nominees, and where funds were needed I have used my individual means instead of calling upon the candidate for his cash. I am ambitious to represent Morgan and Wolfe in the lower house of the next

General : Assembly : of : Kentucky,

and if nominated and elected I shall go to Frankfort with the determination of making a record, and a record of which neither I nor my constituents shall ever be ashamed. Briefly, I shall do all I can for the mountains generally, and for Wolfe and Morgan in particular. I was born in Morgan county—in the portion that is now Wolfe—and have always lived in one or the other of the two counties. Hence I know their needs. And here I want to say that should I be the lucky man, my constituents may come to me as freely at the capital of the commonwealth as at my mountain home, where the latch-string is always on the outside. Some men, shame to say it, when once they rub up against a blue-grass man forget that they were "born in the hills, rocked in a sugar trough and raised on sassafras tea." But not I; God forbid that I shall ever forget my nativity or go back on my mountain friends. Hoping you will give me your suffrage in both primary and election, I am, yours for Democratic success,

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Educattoa For the Kentucky Mountains.

There has recently been issued a leaflet setting forth the educational needs of the Kentucky mountains and making an appeal for financial aid for a non-sectarian school, which the women of the Kentucky Women's Christian Temperance Union plan, to establish there. It is to be a Christain social settlement, and will combine a first-class school with kindergarten, normal and industrial departments. As a model home it will teach by example the advantages of cleanliness, order and thrift. Anyone who has been in these mountain cabin realizes that the work must begin in the homes and with the women.

The superintendent of schools in one county says the greatest need of the mountains is cultured, christian mothers, and then adds: "Fifty per cent of the children do not attend any school and ninety per cent of the attendance is in hands of irregular, immoral teachers, who have been reared by illitreate parents."

These mountain people, when once aroused, are pathetically eager for an education, nor is it hard to arouse them. They are of the best stock our country knows, and still have in them all the sturdy possibilities of the Anglo-Saxon race. They are willing to help themselves, too. Hindman, in Knott county, offers to contribute $100 to the school if it is established here. One woman said she would give $100 if she had to "sang it out," meaning that she would go to the woods and dig ginseng to earn the money.

Except through the churches, Kentucky has not done her part by her mountain people. The only large, efficient mountain institution making for their education is one supported by northern money and conducted by northern teachers. I, therefore, would make an earnest appeal to the Kentuckians who have had a chance to help the Kentuckians who have not had a chance. With what has been pledged, only $2,000 is needed to start this school by September 1 next. This is a small sum, which can be readily raised by a large number of small contributions.

Any contribution may be sent to Mrs. Lizzie K. Mayall, Treasurer of the Kentucky W. C. T. U., Paris, Ky.; Miss Katherine R. Pettit, Lexington, Ky., or Miss May Stone, 1400 Third avenue, Louisville, Ky.—ELLEN C. SEMPLE in Louisville Post.

Modern Pills.

The day of powerful drastic pills is past and everyone who is troubled with torpidity of the liver, constipation, headache or indigestion may well be thankful that it is. Every modern family medicine chest should contain a supply of Hood's Pills, the modern cathartic. While gentle and mild in action, they are thoroughly efficient and cure billousness, indigestion, sick headache and other troubles due to a deranged condition of the stomach, liver or bowels.

ARBITRATION is certainly progressing. Even Aguinaldo is anxious for it now.

A Raging, Roaring Flood

Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had Consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by 6 bottles." Positively guaranteed for Coughs, Colds and all Throat and Lung troubles by J. Taylor Day, Hazel Green, or S. S. Combs & Son, Campton. Price 50 cents.

Lost Without The Herald.

CHANDLER, O. K. T.

Spencer Cooper—Dear Sir: You will find enclosed 30c for which please send me THE HERALD for six months. I feel somewhat lost without the dear old HERALD to read.

HOW TO KEEP THE BOY AT HOME.

Your boy will never wander far
Nor tempted be to roam,
If all the joys he finds abroad
Are given him at home.

If happy faces greet him there,
And voices sweet and kind;
What boy away from home
Will expect those words so kind?

Furnish him with music, books and games,
Don't grumble at the cost;
'Twill cost far more to bring him back
If once from you he is lost.

Praise and appreciate his work,
And share with him the gains;
The pride he'll take in doing well
Will pay you for your pains.

With plenty of good and cheerful words,
And love that seems so warm,
Some sport to make his work seem light;
No boy will leave the farm.

For pleasure he will admire,
They dazzel those who roam;
But when for happiness he looks,
He will turn to the dear old home.

Shirt-Waists for Men.

The Delineator of May shows a number of shirt-waists for men that are practical and tasteful and that will not prove too conspicuous if worn without a coat. The shirt-waist for men began to get its hold on public favor last season, and will undoubtedly be seen much more widely this season.

Young Women

The entry into womanhood is a critical time for a girl. Little menstrual disorders started at that time soon grow into fatal complications. That female troubles are filling graveyards proves this. Wine of Cardui establishes a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Many women, young and old, owe their lives to Wine of Cardui. There is nothing like it to give women freedom from pain and to fit young women for every duty of life. $1.00 bottles at druggists.

Miss Della M. Strayer, Tully, Kan.: "I have suffered untold pain at menstrual periods for a long time, was nervous, had no appetite, and lost interest in everything, in fact was miserable. I have taken four bottles of Wine of Cardui, with Thedford's Black-Draught, when needed, and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me."
